For your benefit - connect to the network community

The eMobility Platform stands for
bringing together European organisations
to address, as a community, the challenges of
future networks, building on Europe's success
in mobile communications

The eMobility Platform supports
action and efficient collaboration, enabling the
network community to turn visions into innovations

The opportunities offered by eMobility

The community is open to new members and
charges no fees. To join, just click
www.emobility.eu.org

**For more success
– join forces**

Strategic Applications Agenda

Identify leading-edge
applications matching
socioeconomic priorities!
Match new technology
with demand!

Strategic Research Agenda

Search for technology
requirements and
R&D priorities!
Create new research
topics needed in the
coming 20 years!

Working Groups

Drive new ideas!
Develop action
plans for key areas
and issues!
Take the opportunity
to give specific
directions
to future work!

Networking

Share visions,
experience, know-
ledge and develop
concepts together
with top people
in the network
community!
